## 2023 Season

The ACCU is a fictional collegiate league created for Cold Snap. Consisting of twenty-eight fictional colleges and universities across Canada, the ACCU is broken down into four conferences: Western Conference (WCC), Central Canadian (Ontario) Conference (CCOC), Universités et Collèges du Québec (UCQ), and North Atlantic Coast Conference (NACC). Top players within the ACCU are often drafted into the Interprovincial Pro Football Conference (IPFC), a fictional professional Canadian football league.

Each team within the ACCU plays ten conference regular season games. At the end of the regular season, the two top teams in each conference play in a conference championship game. The four conference champions are then ranked one through four and enter into the ACCU semifinals; the number one ranked team plays the number four ranked team, the number two ranked team played the number three ranked team. The winners of the ACCU semifinal games play in the ACCU championship game.

### Instant Result Chart

Each ACCU team has a Power Rating (PR) from A to F. To use the Instant Result Chart, locate the Power Rating for opposing teams, roll 2d6 using the 11-66 method, and refer to chart. If the roll result is within the chart's range, the home team wins. If outside the range, the away team wins.
