**SLOTH** C

I decided to go with an 80s throwback theme with a bunch of rag-tag underdogs who overcame adversity by working together as a team. Sloth checks in as the honorary coach of this team and Stef serves as the sub. The Goonies was a fan favorite movie and I was pretty happy with how the design came together. Using the actual movie poster as a background is my favorite element, and the outline around the characters reminded me of Color-forms—another throwback to my youth.

# Do It Yourself Dodgeball!

The official release of "Dodgeball World Tour," last year's holiday PDF game, is set for August 1st. We'll be featuring the game at our convention, wrapping up PLAAY Dot Con 2022 with a gargantuan dodgeball tournament, all teams custom-crafted by convention goers using this download. Everyone chooses their team of seven players--six starters and a substitute--from the assortment of twenty different player cards included here. You'll then name each player and choose a name for your team. You can use celebrities, real-life athletes, family members, friends, historical figures, fun made-up character names--it's totally up to you!

As a special twist, we're inviting everyone to "bling out" their team however they're able, and there'll be prizes awarded for the most creative work!

As you're considering who to choose for your team, please note that each player has a pre-set starting character type. This is different from the base game, where only a few players, or none, start out with an established type. The character type is indicated by a symbol in the lower left corner of the card, with the number on the die corresponding with the character type.

Character types CAN change during the tournament, as called for by the game action (which is why we used lighter print). So, for example, player #68 starts out as a HERO (type 1)--but he could become a something different as the tournament unfolds.

Our goal was to make each player valuable, and we think you'll have some interesting decisions in choosing the seven players for your team. The players with the better ratings generally have the poorer character types, and vice versa. Do you choose your team based on abilities, or character, or a mix of both? Do you choose player #97--arguably the best player on the board, but one with a bad attitude--hoping he'll see the light and become a team player? Do you intentionally choose type 1 and 2 players like #67 and #68 in order to get the benefit of being the "good guy" team?

Similarly, the faster players (those with the higher COLLECT star(s) typically have somewhat lower THROW and DODGE ratings. They're valuable in collecting extra balls, at the expense of being more vulnerable with balls thrown by/at them! You can, for example, build a very fast team which routinely wins an extra ball on rushes, and parlay that into extra shots and quick depletion of the opponent. If the strategy works!

These and many other decisions will be yours to make with this "Do It Yourself Dodgeball" kit!

Questions? Comments? Let us know! Reach out to us using the "contact" link at the bottom of any page. Be sure to watch our "DIY Dodgeball" stream on the PLAAY Games YouTube Channel!

**BACKGROUND**

Over my 49 years here on the planet I have had 7 cats as pets. this team represnts those 7 great cats throughout the years. Sadly, only 2 are still with us, Dewey and Lewey, but none will be forgotten, the will fight on the Dodgeball court for they Duck, Dodge and Dive for Croz Clowder pride !!!

**MIDNIGHT** - Solid black cat who was as aloof as she was mysterious. Solid player but can become violent.

**PUMPKIN** - So far the oldest when she passed at 20 years. She is the grizzsled veteran who has been there done that..

**BAM BAM** - A 13 pound Maine Coon Cat, he brings power and a calm demenaor on the court.

**PEBBLES** - BAM BAM's sister, she is very calculating. She may be the most hot tempered however.

**"DEM BOYZ: HEWEY, DEWEY & LEWEY** - 3 brothers who bring, smarts in Hewey, power in Dewey and all around aggressiveness in LEWEY.
